

Child Support Worksheet

① The Other Parent's Information

How much money does the other parent make every month? (Estimate if you do not know. A GMI worksheet is attached if you need help.)

Figure out the other parent's gross monthly income. This includes money received from employment, social security, unemployment, pension/retirement, interest/investments, etc.

It does not include SSI, SNAP, TANF, cash benefits from the county, or child support received.

I believe the other parent makes \$ _____ per month (this is "Gross Monthly Income")

**If this number is more than \$6,000, STOP. This worksheet will not apply.*

Visit nvchildsupportguidelinescalculator.azurewebsites.net/getobligation.aspx to find the appropriate amount.

Determine what the other parent's child support obligation would be:

Gross Monthly Income (from above) **X** $\begin{matrix} .16 \text{ (for 1 child)} \\ .22 \text{ (for 2 children)} \\ .26 \text{ (for 3 children)} \\ .28 \text{ (for 4 children)} \end{matrix}$ =
\$ _____
Add .02 for each additional child

Regular Child Support:

\$ _____

Does this parent earn less than \$1,595 per month?

- No. (skip to #2)
 Yes. The court may use the low-income child support schedule instead. (check the attached chart to find the right number to enter. Use this number in steps #3, #4, and #5)

Low Income Child Support:

\$ _____

② Your Information (complete this section even if you expect the other parent to pay child support)

How much money do you make every month? (A GMI worksheet is attached if you need help.)

Include money you get from employment, social security, unemployment, pension/retirement, interest / investments, etc. Do not include SSI, SNAP, TANF, cash benefits from the county, or child support received.

**If this number is more than \$6,000, STOP. This worksheet will not apply.*

Do you earn less than \$1,595 per month?

- No. (skip to #3)

③ **Joint Custody.** Only fill out this section if you are asking for Joint Physical Custody.
Skip to #4 if you are asking for primary custody, sole custody, or visitation only.

Subtract the lower earning parent's amount of child support from the higher earning parent's amount.

Higher \$ _____	-	Lower \$ _____	=	Child Support Obligation \$ _____	paid by	Name of higher income parent: _____
--------------------	---	-------------------	---	---	---------	---

④ **Adjustments.**

- If you want primary or sole physical custody, the court uses the number in #1 as the standard amount of child support the other parent would pay.
- If you want the other parent to have primary or sole physical custody, the court uses the number in #2 as the standard amount of child support you would pay.
- If you want both parents to have joint physical custody, the court uses the number in #3 as the standard amount of child support.

You can ask for more or less child support than the amount in #1, #2 or #3 if you think any of the following factors apply. (check all that apply, or skip to # 5 if none of these reasons apply)
